

FZC 防水防尘防腐操作柱

FZC Weathproof Control Station

工程塑料(S) GRP

316L不锈钢(G) Stainless steel

4

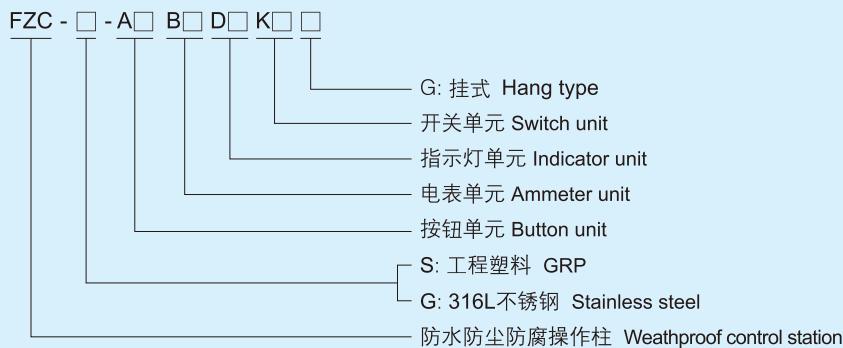

应用场所 Application

- ◆ 广泛用于海洋石油平台、船舶等场所；
- ◆ 可在潮湿、振动、腐蚀等恶劣环境中可靠工作；
- ◆ 适用于船舶、海洋平台的交直流低压电气线路的连接与断开。
- ◆ Widely used in ocean platforms, ships, etc.;
- ◆ Can reliably work in severe environment where is easily affected by moisture, vibration or corrosion;
- ◆ Suitable for the switching on/off of AC/DC low-voltage electric circuit of ships and offshore platform.

产品特性 Features

- ◆ 外壳采用GRP模压成形或优质不锈钢制成，具有抗老化不变形，抗冲击耐腐蚀等优点；
- ◆ 本产品采用曲路密封结构，外露不锈钢紧固件，具有良好的防水防尘防腐性能。
- ◆ The enclosure of G.R.P or high quality stainless steel, corrosion-proof, anti-impact, anti-aging, no deformation;
- ◆ Labyrinth sealed structure, the exposed fastener is of stainless steel, with good weather-proof performance.

型号含义 Catalogue Number Logic

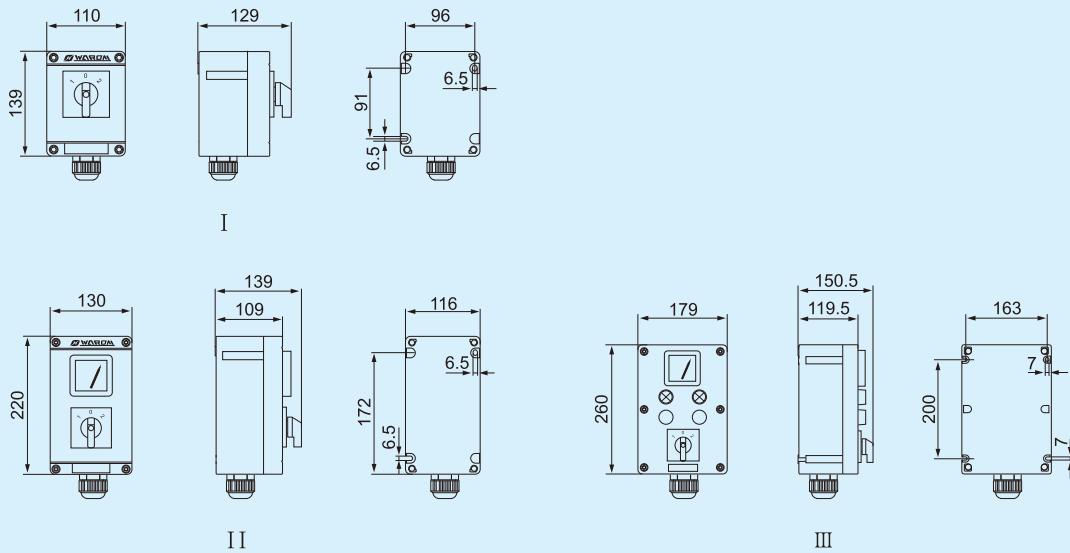

技术参数 Technical parameters

◆ 额定电压 Rated voltage	220V / 380V AC
◆ 额定电流 Rated Current	10A
◆ 温度范围 Temperature range	-25°C~+55°C
◆ 防护等级 Degree of protection	IP65
◆ 电缆引入口 Cable entry	M32×1.5 Φ18~Φ25mm
◆ 安装方式 Mounting	挂式 Hang type
